

## FIRST ANNOUNCEMENT

### **VI Brazilian Workshop on Continuous Optimization** Goiania-Goias, Brazil, July 18-22, 2005

#### **Hosted by:**

Catholic University of Goias,  
Federal University of Goias

## WELCOME

The Catholic University of Goias and the Federal University of Goias are pleased and honored to invite you to attend and enjoy the "VI Brazilian Workshop on Continuous Optimization".

The VI Brazilian Workshop on Continuous Optimization has chosen as main topics to be discussed theoretical, computational and implementation issues, in both linear and non-linear programming, including variational inequalities, complementarity problems, nonsmooth optimization, vector optimization, generalized equations etc. The workshop will consist of invited talks and sessions with contributed talks.

We are going to send the "First Call for Papers" soon, but don't forget to mark your calendars: July 18-22, 2005, Goiania-Goias, Brazil.
